

New Developments in Administrative Law

CONTINUING PROFESSIONAL DEVELOPMENT

This seminar will look at recent administrative law developments and their implications for ACT practitioners. Over the past 12 months there have been a number of significant cases in the High Court, Federal Courts and State and Territory courts addressing issues such as procedural fairness, bias, applying the right test, illogicality and unreasonableness. John Carroll will look at these cases as well as the latest issues relevant to merits review and review by the Ombudsman.

Speaker: Mr John Carroll (Partner, Clayton Utz)
